

Terms Of Service And Agreement Of Using OurAnimate

Summary:

OurAnimate is a drag and drop Animation making site. Based off of the retired Vyond (Formally GoAnimate) Legacy Video Maker with all of the themes that people want. It uses the open-source code from GoAinamte Wapper. ***OurAnimate*** is an educational instance under 17 U.S. Code § 107. Even though this is made by a Canadian. We are not associated with Vyond and we do not own the rights to the themes. This is just a site where you can just make animations for free with Vyond's former base model. "WHERE ANYONE CAN MAKE AN ANIMATION". ***OurAnimate*** is hosted on your computer (Locally). So there is no problem with the hosting site being down. (You're In control of your version of OurAnimate). The Wix site's main use is as a hub to interact and how to use ***OurAnimate***. Go to MAKE A STORY if you want to install ***OurAnimate***. Everything you will need to get it up and running is there. With that being said. Even though this is just a hub site and ***OurAnimate*** is hosted on your computer locally. In order to keep Vyond from knowing about this. Try and keep the link sharing to a minimum or not at all. At least until Vyond goes bankrupt. This is what you agree to.
